

CAREPOD MEASUREMENT GUIDE

An important component to your pet's travel experience is comfort. To ensure your pet will fit comfortably inside their CarePod, please review the pod dimensions.

If your pet is deemed too large on the day of travel, your pet will not be able to fly. If your pet is below 10.4 inches in height, ensure you have booked a size converter for your pet.

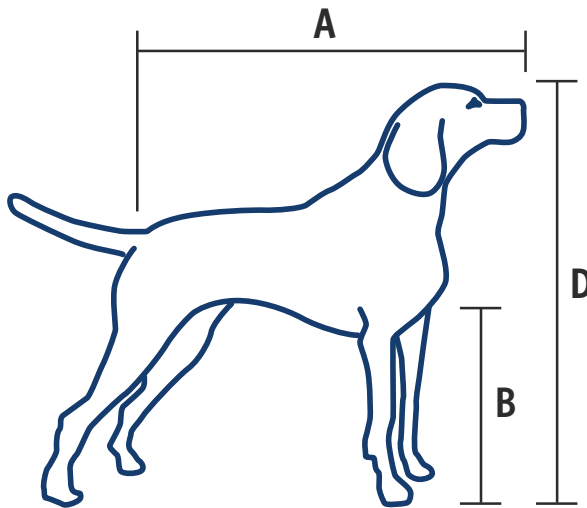

If you need to change your booking, please call our **Customer Service Center at 1-800-DL-CARGO.**

Pet Dimensions

$A + 1/2 B = \text{Length}$

$C \times 2 = \text{Width}$

$D = \text{Height}$

CarePod Internal Dimensions

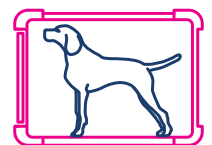

30 in. = Length

20.5 in. = Width
